

Vote “YES” on Amendment 3 on November 3rd to clean up redistricting!

Amendment 3, known as “Cleaner Missouri,” clarifies that we as Missourians want a bi-partisan panel choosing how redistricting lines are drawn for our state Representatives and Senators. Planned Parenthood and NARAL are OPPOSED to Amendment 3.

We do not want to put this in the hands of one party. If left as it currently is, the next redistricting panel coming up in 2021 would be chosen by pro-abortion Planned Parenthood- and NARAL-supported Auditor Nicole Galloway.

That type of redistricting process would hamper your ability to elect pro-life majorities.

Do not believe the lies you will hear! Amendment 3’s main priority is not about lobbyists giving money to legislators. Amendment 3 is about you being able to have pro-life representation in Jefferson City!
